

# University of Cincinnati

## Nuclear Medicine Technology Program Outcomes

### Program Completion Rate- Nuclear Medicine Technology Curriculum

(graduates/ initial enrollment)

2020-2021	94.1 (16/17)
2019-2020	87.5% (14/16)
2018-2019	87.5% (14/16)
2017-2018	100% (15/15)
2016-2017	93.8% (15/16)

### National Board Examination 1<sup>st</sup> Attempt Pass Rates

2020-2021

Nuclear Medicine Technology NMTCB – 100% (National average 72.88% pass rate)

Nuclear Medicine Technology ARRT – N/A (National average 79.5% pass rate)

2019-2020

Nuclear Medicine Technology NMTCB – 85.7% (National average 77.54% pass rate)

Nuclear Medicine Technology ARRT – N/A (National average 84.6% pass rate)

2018-2019

Nuclear Medicine Technology NMTCB – 93.3% (National average 85.19% pass rate)

Nuclear Medicine Technology ARRT – 50% (National average 89.6% pass rate)

2017-2018

Nuclear Medicine Technology NMTCB – 100% (National average 88.7% pass rate)

Nuclear Medicine Technology ARRT – 100% (National average 88.7% pass rate)

2016-2017

Nuclear Medicine Technology NMTCB – 100% (National average 85% pass rate)

Nuclear Medicine Technology ARRT – N/A (National average 88.7% pass rate)

### Employment Rate (within 6 months of graduation)

2020-2021 Nuclear Medicine Cohort

0% (0/16) of graduated employed in nuclear medicine

# Employed in:	Nuclear Medicine	0
# Employed in:	Magnetic Resonance Imaging	2
# Continuing Education:	Magnetic Resonance Imaging	14

2019-2020 Nuclear Medicine Cohort

0% (0/14) of graduated employed in nuclear medicine

# Employed in:	Nuclear Medicine	0
# Continuing Education:	Magnetic Resonance Imaging	14

2018-2019 Nuclear Medicine Cohort

0% (0/14) of graduated employed in nuclear medicine

# Employed in:	Nuclear Medicine	0
# Continuing Education:	Magnetic Resonance Imaging	13

2017-2018 Nuclear Medicine Cohort

7% (1/15) of graduated employed in nuclear medicine

# Employed in:	Nuclear Medicine	1
----------------	------------------	---

# Continuing Education:	Magnetic Resonance Imaging	13
-------------------------	----------------------------	----

2016-2017 Nuclear Medicine Cohort

7% (1/15) of graduated employed in nuclear medicine

# Employed in:	Nuclear Medicine	1
# Continuing Education:	Magnetic Resonance Imaging	14
