

UC's Occupational Therapy Program lists 5 courses that are recommended, not required. These courses contain valuable content that will benefit students in the graduate program and we would like to capture if you have completed any of these. This information will be included in the holistic review of your application. If you have completed this course or an equivalent, please indicate in the space below the recommended courses:

- the institution
- course number
- course name
- # of credits
- term you completed
- grade earned
